

FOOD ALLERGY PLAN

The HISD Food Allergy Plan addresses any student who has a potentially severe food allergy which may require treatment at school. The forms, listed below, will give us the necessary information and authorization to treat your child in an emergency.

1. Food Allergy Action Plan – Should be on file for every student with a severe allergy. Must be updated and signed by the doctor every school year.
2. Medication/Treatment Request – One should be used for each medication sent to school.
3. Individual Care Plan.
4. Statement Regarding Meal Substitutions or Modifications.

The student's supplies should include: Epi-pen with prescription label on it and antihistamine (such as Benadryl), if your child's plan calls for it. Please be alert to the expiration dates on these medications.

If HISD does not have these forms and supplies on hand and your child has a serious reaction, we may need to call 911 to assure your child's safety.

It is important for your child's safety that we have the proper authorizations and supplies on hand in order to respond to an emergency. We appreciate your help in our effort to provide the best care for your child.
